## Customer Reviews

I have bought tons of home books in the past, but this is absolutely the best there is! Unlike other books that stick to one theme, this samples a lot of different flavours. There are homes ranging in design from the classics to outlandish one-of-a kinds to Frank Lloyd Wright renditions. You can mix and match from different plans to create a home that is uniquely yours.

I have studied countless houseplans online and in books and magazines, looking for interesting and unusual plans. I hoped this book would show me something new, and I was quite disappointed. It had many Mediterranean style homes, which I don't consider particularly sleek or modern. Many of the other plans were outdated, as if gleaned from houseplan collections of thirty years ago. If you are a seasoned houseplan -looker, I would not recommend this book.
