Luxury Dream Homes, Third Edition

Synopsis

This successful book continues to build on its original simple premise: to offer some of the finest and most interesting luxury home plans from today's leading designers and architects. Here, in a completely new and revised edition, 15 leading designers and architects share their finest luxury home designs. More than a statement of size, the luxury celebrated in this new volume encompasses elegance in design: rooms that complement living and uplift the spirit while supporting all the conveniences of modern times.

Customer Reviews

I was disappointed because the majority of the plans in this book have the master bedroom on the ground floor. I've purchased 5 different new-build houses in the suburbs of NYC, Chicago and London and never come across a home with the master on the ground floor. Two realtor friends tell me they are unusual and difficult to resell unless in a retirement community. If you're looking for a ground floor master you'll probably find the book useful but anyone building a traditional house will probably be disappointed as I was.

I love this book It has some good plans in it. The homes is out of this world. I love to Dream Big and that is what this book does, It lets you dream big

enjoy looking at designs of houses I will never own but can dream of. Love the kitchen and living

room designs. It was what I had expected-to satisfy the secret architect in me.

I enjoyed looking at this book. I can only dream to have some of these homes, but dreaming helps get one through the day sometimes.

Nice and good time shipping

Served it's purpose

LOVE IT

Great!
