Years ago as a young bride I fell upon this wonderful cookbook... for years I would check it out at the local library and then sadly return it! I finally decided to purchase copy and found it was out of print! Years have passed by and by chance I thought I would check for it online thru ... and I am thrilled to say that I found a copy!!!! Yeah!!The recipes are wonderful - and delicious - this is not a cook book for a "modern" cook who wants it all easy and the ingredients are all from scratch - so if you love to cook from scratch and love the taste of old fashioned recipes - I highly recommend it!! am so thrilled, I am going to purchase copies for my daughters hope chests....Thank you , thank you!Gloria

THIS COOKBOOK IS A WORTHWHILE INVESTMENT. THE RECIPES ARE EASY TO FOLLOW AND THE COORDINATING PICTURES ARE A HELP WHEN PRESENTATION IS IMPORTANT! I AM A LIBRARIAN AND WOULD BE REMISS IF I DID NOT MENTION THAT THE BINDING DOES NOT WEAR WELL WITH AGE. THE COOKBOOK IS SO RELIABLE, THAT REPAIRING THE BINDING IS WORTH THE TIME AND REPLACING THE BOOK WITH THE SAME ONE IS A

CONSIDERATION.

I received a copy of this cookbook over 17 years ago and was impressed with the selection of "old-timey" recipes contained within its pages. There are brief little history descriptions at the beginning of some of the recipes which I found interesting. The only complaint to note is that the binding broke down almost immediately and all the pages came loose and fell out. That is the ONLY reason that I gave this book 4 stars instead of 5. If you buy this book, take it to your local Office Supply store and have them re-do the binding before the pages come loose. The recipes are delicious and the pictures are beautiful.

I had this cookbook for years. Used it constantly and finally wore out the binding so that the pages started to fall out. Ordered this one as a replacement and am thrilled. It's like having an old friend back again. This is my absolute favorite cookbook. The recipes are easy to follow and never fail. Great pictures to entice you. The seller was very prompt and the book arrived well packaged and timely. I'm a happy camper.

This is a great cookbook to have on hand when learning how to cook old fashioned foods. I've only made 1 recipe from the book which was homemade vanilla ice cream and it was delicious. I have quite a bit of vintage cookbooks, and this one is a keeper.

As my daughter says, anything you might want to make is in this book. It is a great reference cookbook to find recipes for things you already know about, but don't know how to make. It is heavily referred to in our family.

My last issue was a bridal gift 37 years ago. I have used it until the pages were falling out. It is a great book, full of easy-to-follow recipes, that are delicious. It's a little hard to find these days but the pot roast recipe has been my husband's favorite since I cooked it after our honeymoon.

My mom gave me this book when I got my first apartment, it got lost and I found one at an old garage sale- beat to sXXX, but the recipes are simple or complicated depending on how advanced you are, it even has how to make hard boiled eggs. I always go to it when I need a standard how long to cook this or that, recipes can easily be made with most of the ingredients- when you want to make something but can't get to the store (and have most of the ingredients) this is an all around

standard!!great, mine is really beat up and the origianl never showed up so now i am looking for a replacement.
