Customer Reviews

Love this book! It's simply amazing, a stir-fry book but has lots of variations which made our meal still healthy and delicious. Just check other Chef Maggie's book, all of her books are so awesome too. I think Chef Maggie is such a kind person, she shared her knowledge in cooking by publishing cookbooks.

OVERPRICED! I payed \$9.99 U.S.D. It's a small book, with small text, and no pictures. It is 50

recipes. Its saving grace is that it actually gives you nutritional information for each recipe that's based on a percent daily value of a 2,000 calorie diet. It can and probably will get easily lost on your shelf of cookbooks, it has absolutely no words on its spine, just a blank white void. The back of the book has no words or picture either, just bar codes, huge black ones. The picture on the front of the book looks very tasty, but there is nothing in the front of the book to tell you which recipe is on the cover. This book really isn't worth more than \$5.00 U.S.D. Most of the recipes you can find in it, you can look up on Youtube absolutely free. Here, on page 111 of the book:Grapes and Chicken

Ingredients:1 tbsp vegetable oil1 C. sliced red grapes1 C. cubed chicken2 C. cooked rice1/4 C. chicken broth

Directions:Stir fry your chicken and grapes in hot veggie oil for 4 mins. now add the broth and rice. Let the contents cook for 4 more min. until everything is hot. Enjoy.

I just randomly opened the book to this page. This recipe sounds very easy, yes. It also sounds very bland, and not very oriental/asian/chinese/japanese in any way. This book would probably be a good little book for somebody who really needs simple recipes, is on a low budget/or is counting coins, and living alone in their first place just starting out their lives in the real world. It would be a better choice than just ordering pizza, take out, or drive throughs. It would also be healthier than eating Cup-o-Noodles and hot dog wieners. But I would seriously advise waiting for the price to drop to about 50% less before purchasing.

Not enough chicken recipes. Not well written.

Arrived on time, as advertised.

There are typo's and missing ingredience for some of the recepies.
