## Customer Reviews

One of my vices is reading cook books, and trying new recipes. This was a great pie book. It had several I hadn't seen before and I am hoping to try soon. Several are very quick to put together, you know when company is going to show up in an hour. I recommend that you take a peek and please try not to drool to much!

This cookbook has lots of delicious pie recipes. There's one for about anything you want & they all sound good. It will be hard to choose which one to make first. I guess you'd just have to start at the beginning & make one recipe at a time! You can't go wrong with this cookbook. You'll love it!

These are all very nice recipes. I run a non-profit so we're always needing to bring pies for auctions and bake sales. There are some very nice recipes that the vast majority will enjoy. They don't seem terribly elaborate or unheard of ingredients. I would definitely recommend this book to your repertoire of baking.

excellent recipes. easy to follow instructions. the ones that called for very little ingredients were the best will try making those first :0)
