# On Women & Friendship: A Collection Of Victorian Keepsakes And Traditions

## **Synopsis**

This book is an evocation of the ties between women in the Victorian era as communicated through their prized friendship albums and carefully crafted gifts of sentiment. Their keepsake books became living histories as women inscribed poetry and prose, added illustrations, attached a lock of hair, or inserted tokens of their handwork between the pages of their friends' albums. The author discusses friendship albums and gift books; published anthologies of prose and poetry; tokens exchanged between women such as punchwork, hairwork, quilting and photographs; and the complex Victorian etiquette for forming and expressing relationships.

## **Customer Reviews**

I have never read a more comprehensive book about the subject of friendship. It covers every aspect, with pictures, and documents from the past. I keep it close at hand, for inspiration. Helps you forget your everyday stress and transcends you into the quiet and peaceful world of yesterday. I am not sure if this book is being published any longer, because it is not available. If not, please, "Dear Publisher", publish it again, for future "FRIENDS" to enjoy. Thank you Starr, for this beautiful work of art. Absolutely DELIGHTFUL!

i've bought 4 copies of this book, as it's one of the most beautiful books i own. i kept one copy and gave the others as gifts. if you just want to look at beautiful things, this book will transport you to a little bit of heaven.

This book is a feast for the mind as well as the eyes! A well written presentation of an area often overlooked in reenacting and Victorian History, this book shares the beauty and sentiment shared amongst Victorians. It is a wonderful read and I highly recommend it to anyone who loves the Victorian era.

good service and good product
