

Microsoft Outlook 2007 Calendar, Contacts, Tasks Quick Reference Guide (Cheat Sheet Of Instructions, Tips & Shortcuts - Laminated Card)

Outlook® 2007 Calendar, Contacts, Tasks

Calendar

Use the Calendar to schedule meetings and appointments.

Displaying the Calendar

In the Navigation Pane, [Ctrl] [C] to view the calendar.

Setting up Your Work Week

1. Choose **TOOLS** > **WORK WEEK**.
2. On the **WORK WEEK** taskbar, click **WORK WEEK**.
3. Set up the work week in the **WORK WEEK** pane.
4. [Ctrl] [O] to close the pane.

Viewing the Calendar

One day: [Ctrl] [1] to view the calendar by day.

One week: [Ctrl] [7] to view the calendar by week.

One month: [Ctrl] [8] to view the calendar by month.

Continuous days: [Ctrl] [9] to view the calendar by continuous days.

Non-consecutive days: [Ctrl] [0] to view the calendar by non-consecutive days.

Creating a Simple Appointment

1. Use the calendar to display the desired date.
2. [Ctrl] [N] to create a new appointment. A dialog box appears. Type the start and end times, and the subject.
3. [Ctrl] [S] to save the appointment.

Creating an Appointment with More Detail

1. [Ctrl] [N] to create a new appointment.
2. Complete the **SUBJECT**, **LOCATION**, **START TIME**, and **END TIME** fields. You can also type the start and end times, and the subject.
3. [Ctrl] [S] to save the appointment.

Creating and Scheduling a Meeting

A meeting is an appointment that you invite others to attend.

1. Open an existing appointment or create a new one.
2. [Ctrl] [W] to open the **MEETING** dialog box.
3. In the **To** box, type the names of the people you want to invite. You can also click [Add] to add names from the address book.
4. Enter the details of the meeting.
5. To plan the meeting around the attendees' schedules, click **SCHEDULE AROUND OTHERS**. A dialog box appears.
 - To schedule the meeting around the attendees' schedules, click **SCHEDULE AROUND OTHERS**.
 - To change the meeting time, click **CHANGE**.
 - To lengthen or shorten the meeting time, click **LENGTHEN** or **SHORTEN**.
6. If using Exchange [MS], the **SUBMITTING TASKS** pane will show the tasks that are being submitted. Click **OK** to change the details of the meeting.
7. If using an online Exchange server, click **OK** to submit the meeting.
8. To change the meeting time, click **CHANGE**.
9. To lengthen or shorten the meeting time, click **LENGTHEN** or **SHORTEN**.
10. When the information is complete, click **OK**.

The scheduling features are only available when connected to an Exchange server, Microsoft Exchange, or when using the Microsoft Office Internet Explorer services.

Editing an Appointment or Meeting

1. Double-click the appointment or meeting to open it. If it is a meeting appointment or meeting, select **EDIT THIS MEETING** or **EDIT THIS MEETING**.
2. Make any changes. If you are changing the appointment, click **SAVE & CLOSE**. If you are making changes to a meeting, click **SEND MEETING** to notify attendees.

Responding to a Meeting Request

When you are invited to a meeting, you can respond by clicking the **ACCEPT**, **DECLINE**, or **DECLINE AND PROPOSE NEW TIME** buttons on the toolbar or in the meeting pane. Responding to any prompts on the screen. Unless declined, the meeting is automatically entered in your calendar.

To propose a new time and tentatively accept:

1. Open the meeting request.
2. [Ctrl] [D] to open the **DECLINE AND PROPOSE NEW TIME** dialog box.
3. [Ctrl] [D] to open the **DECLINE AND PROPOSE NEW TIME** dialog box.

Changing the Time of a Meeting or Appointment by Dragging

1. [Ctrl] [D] on the appointment or meeting. A black handle appears around the outside of the appointment.
2. To change the length of the meeting, drag the upper or lower handles. To change the time or date, drag the appointment to a different time or day in either the day or week view.
3. [Ctrl] [D] to open the **DECLINE AND PROPOSE NEW TIME** dialog box.
4. If changing a meeting, you are asked to save the changes. Click **OK** to save the changes.

Repeating Appointments or Meetings

1. Double-click the appointment or meeting to open it.
2. [Ctrl] [R] to open the **REPEATING** dialog box.
3. Complete the information and click **OK**.
4. [Ctrl] [S] to save the appointment.

Viewing Multiple Calendars

- In the Navigation Pane, click the calendar you wish to view.
- To view one calendar on top of another, click the calendar's tab.
- To remove an calendar, click [X] on the calendar's tab.
- To bring an calendar to the front, click the calendar's tab.
- Uncheck a calendar to close it.
- Newly created calendar folders are automatically added to MY CALENDARS.

Creating a Group Schedule

A group schedule is a shared set of people and resources which can be used to quickly view the group's free time, plan meetings, or send the group an event.

1. [Ctrl] [G] to open the **GROUP SCHEDULE** dialog box.
2. [Ctrl] [G] to open the **GROUP SCHEDULE** dialog box.
3. Type a name for the group schedule. Click **OK** to create the group schedule.
4. In the area provided, type the names of the group members. To select from an address book, click **ADD OTHERS**, then **ADD FROM ADDRESS BOOK**.
5. [Ctrl] [S] to save the group schedule.

Using a Group Schedule

1. [Ctrl] [G] to open the **GROUP SCHEDULE** dialog box.
2. Select the desired group schedule, and click **OK**.
3. The schedule appears showing all available time and appointments. View a member's calendar by clicking [M] next to the member's name.
4. To make a meeting with a group member:
 - a. [Ctrl] [W] to open the **MEETING** dialog box.
 - b. [Ctrl] [W] to open the **MEETING** dialog box.
 - c. Fill out the details of the meeting.
5. To make a group meeting:
 - a. [Ctrl] [W] to open the **MEETING** dialog box.
 - b. Fill out the details of the meeting.
 - c. [Ctrl] [W] to open the **MEETING** dialog box.
6. To send an email to the group:
 - a. [Ctrl] [W] to open the **MEETING** dialog box.
 - b. [Ctrl] [W] to open the **MEETING** dialog box.

Customer Reviews

So...I will only review once. Each one is most helpful. I purchased them for our admins and some of the executives are finding them useful. Great idea!!!

I order this for work. Great cheat sheet for last minute look up on Outlook. I am a Dept. Secretary that controls all conference rooms in this company and always using the calendars for everyone. Great reference to look at! I would suggest to anyone who uses this program these sheets are worth the money (inexpensive) .Came on time by the seller.

IMMEDIATE shipping of a quick reference guide which was desperately needed by office staff when our e-mail provider was changed overnight. Not ONE employee knew how to use Outlook Mail. With this handy guide, we considered ourselves pros by the end of the day (and our Clients had nary a clue!).

We used to be allowed to make an index card with whatever notes we wanted prior to taking some tests in college. Most of the time they were not used but sometimes they had just the right info. Same with these quick reference cards. I just keep them near the computer and they can be faster than looking the info up on Google or other source.

This product is very useful for its easy access to learn more about how to use the application for your daily works. This handy one piece sheet is very practical to use compared to the application user guide and books. By having it in front of you on the desk, you can improve and develop the usage of the application functionality. You will never regret once you buy it.

There's a lot of info packed onto a tiny sheet here. I learned a few new things and, I think once I get used to looking at it for information when I need it, it may be useful. I think these references are great for beginning users of a program, but I assume once I know it pretty well, these shortcuts, etc., will become second nature, and I won't need the reference so much. I feel like some of the things aren't things people will use a lot, but maybe it's just the way I use Outlook. Although I am trying to use it more and more and get it more organized to help ease the burden of tons of work e-mail. This is a useful reference, that I hope will continue to make learning Outlook easy for me.

This has been a comfort to know I have it if needed. However, I have not had to use it, yet! I started a new job and there was a emphasis on MS Outlook. I was out of the workplace for 7 years and not sure how much would come naturally and how embarrassed I would be not being able to get around within the program. Well to my delight, all is well and do not need it! I will pass it on to help someone

else with similar anxiety experiences!!

This is a nice handy 'cheat sheet' for how to navigate through Outlook 2007. The look and feel of Outlook 2007 is much different than 2003. After using it at work for about 3 months I have grown to like it but it takes some getting used to. This is a great aid along the way.
