Customer Reviews

I was amazed at all of the wonderful recipes in here! We tried a couple of them and they were so good :) They work great for things like parties and gatherings or just for home. I would definitely recommend having this book on hand if you are looking to be a food expertise. It has a lot of wonderful varieties of foods too.

I absolutely love this cookbook. I love to cook but hate trying to decide what to make. My husband

picks an appetizer a week and I happily make his choice. The ingredients are easily obtained. The recipes are not difficult to make and delicious and unusual.
