Paracord Fusion Ties - Volume 1: Straps, Slip Knots, Falls, Bars, And Bundles

Synopsis

J.D. Lenzen is the creator of the highly acclaimed YouTube channel "Tying It All Together", and the producer of over 200 instructional videos. He's been formally recognized by the International Guild of Knot Tyers (IGKT) for his contributions to knotting, and is the originator of fusion knotting--the creation of innovative knots through the merging of different knot elements or knotting techniques. Paracord Fusion Ties - Volume 1 is the first of a multiple volume set of books exclusively utilizing paracord for his fusion knotting techniques. Originally used as parachute suspension lines during World War II, paracord has since become a means to create an immeasurable variety of useful items, survival tools, and decorative ties. World-renowned for his knotting and tying skills, Lenzen guides readers through 35 different paracord fusion ties, all of which have never been presented in book form before. By way of over 800 crisp, clear, full-color photographs, coupled with succinctly written, easy to follow step-by-step instructions, he will show you how to create spherical ties, bars and bracelets, key fobs, medallions, straps, rapid deployment ties, falls, and more. A book for young and old, expert knot tyers and novices alike, Paracord Fusion Ties - Volume 1 is a must for every knot enthusiast's library! Foreword by Stormdrane.

Book review Paracord Fusion Ties Volume 1 - Straps, Slip Knots, Falls, Bars & Bundles by J.D. Lenzen of Tying It All Together [...] Well, today the mailman delivered my cold weather keep warm

and out of trouble kit for Winter, 2012 - 2013. JD's "Paracord Fusion Ties - Volume 1". Yes, with less than \$100 worth of #450 or #550 paracord, a pair of sharp scissors, a ruler and a cigarette lighter or match I can keep busy all winter long reproducing JD's wonderfully creative straps, slip knots, falls, bars & bundles, tying from just after breakfast until well after dinner every day on which the weather is inclement. No way I can get myself into too much trouble with that, is there? (Sorry, Hon, please keep my dinner hot until I finish this one; I will eat it after... yeah, I know it will probably be cold by then... I will find it where?) With collaboration from David "Stormdrane" Hopper (owner of Stormdrane.blogspot.com, and one of the world's finest paracord artisans) JD shot more than 800 professional quality images depicting, step-by-step, how to tie 35 beautiful pieces of artwork using paracord. These projects range from the very easy to the ridiculously simple. And with a little luck and snow on the ground, I should be able to complete Christmas tree ornaments, gift package decorations and even holiday gifts for family and friends, each for less than a dollar or two of paracord. Oh. And a few things I need or just plain want for myself. After all, I am a product of the "me" generation. JD starts by talking a bit about the history, types and sources of paracord. There is a list of paracord vendors, although my favorite one is not on the list.
